

MINERS' LEADERS PUNXSUTAWNEY COUNSEL THEIR MEMBERS

After Lack Of Respect Shown Ex-President White, Talking As Government Agent

DELEGATES ARE VERY RADICAL

The specially reconvened meeting of the delegates of the United Mine Workers of America for District No. 2 met in the Avenue theatre at DuBois yesterday for the purpose of hearing the report of their policy committee who, following the refusal of the operators of the district to meet and discuss with them their proposition for an increase of wages as demanded at the first convention, visited Washington and endeavored to impress Fuel Administrator Garfield with the justice of their fuel adjustment by the fuel administration.

The purpose of the meeting was stated by President Brophy immediately after calling the convention to order at 10 o'clock and the Policy Committee was called to the platform.

Secretary Edward Swartzentruber, representing the twenty-one members of the committee then presented their report.

He read the resolutions of the previous convention in which an increase of 20 cents a ton for mining coal, \$1 a day for all outside and inside day labor excepting boys under 18, and 55 cents a day increase for those boys was made. The reply of the operators "respectfully declining" to meet the miners to consider that demand or any other wage increase, citing the Washington agreement of November 6, 1917, as the cause was also read. And then followed other communications. One was from international President Frank J. Hayes in which he declared that in conference with the fuel administration he had been advised that the recent 60 cent increase allowed the operators was made because the original price was too low to permit proper operation. Another was from Fuel Administrator H. A. Garfield, in which he advised the district officials that the changes in prices did not form an increase in wages but were a reclassification of the field and added that no semblance of an attempt upon the part of either operators or miners of this field to profiteer is desired by the administration. Still another communication from President Hayes declared that he insist upon an increase in wages at this time would be a breach of the Washington agreement. He wrote that if the demands were granted upon the basis of the 60 cent increase allowed the operators, it would mean the reduction of wages when the coal price goes down.

The report was concluded without offering any recommendations or outlining a policy. President Brophy then explained what work the policy committee had done since the convention adjourned telling of the conference with Dr. Garfield at Washington. He indicated that the committee was given to understand that the prices for coal for the duration of the war had been fixed by scientific deductions and that the \$3.05 prevailing in this district makes the margin of profit for the operators the same as the \$2.45 that prevails in some other fields. He also indicated that the fuel administration regards the existing prices of coal and wages as fixed permanently for the length of the agreement and that while representatives of that administration are attending the DuBois convention, they are here for the purpose of clarifying the situation and not to indicate a reopening of the question or argue the position of the administration.

Following the report there was a great deal of angry discussion in which several of the delegates declared "We have made the demands and we are going to stand by them." Finally a motion was offered by delegate George Bassett directing the Policy Committee to retire and prepare a report of concrete policy or recommendation for the convention to report.

At this point President Brophy asked that ex-President John P. White, now a member of the fuel administration be given the privilege of addressing the convention. Many delegates objected to the proposition and it was with difficulty President secured order for the speaker.

FINANCES IN BAD SHAPE

Attorney On New Council Declares Entire Outstanding Indebtedness Is Illegal

OWE FOR LIGHT AND WATER

The borough of Punxsutawney has an existing debt consisting of bonds to the amount of \$98,000; certificates of indebtedness, \$24,000; floating debt, \$26,400, and other items sufficient to total \$160,000, and H. Clay Campbell, an attorney who took office in January last, announces that after due and careful investigation he is satisfied the entire debt is illegal and void and can be repudiated by the citizens of Punxsutawney if they are so disposed.

The illegality of the \$95,000 worth of bonds is due to the Ordinance providing for their issue being faulty and not in accordance with the provisions of the Act of Assembly governing such matters and because it did not provide for the assessment of the required tax to redeem the bonds.

The other items mentioned are void because the debts were contracted by the issuing of certificates of indebtedness or borough orders when there was no money in the treasury and when the outstanding indebtedness of the borough was already beyond the two per cent. of the total assessed valuation of the taxable property allowed by the constitution and could only be legally contracted by vote of the people.

The light and water fund of the borough is already exhausted. The borough owes the electric light company \$641.75 at this time and before this year's taxes are available in August next will owe for light \$660.50 at the prevailing contract price. In addition to this the millage laid this year for water purposes will produce \$1875, less commissions and exonerations, while the water fund already owes \$5,017.50 engineer's fees following their recent investigation of the water situation, to say nothing of attorneys' fees, which are not known yet, while the water company is already threatening a law suit to enforce the payment of \$12,266.50, with interest since 1911, which they allege is justly due them, no payment for water having been made since 1911.

In conclusion Councilman Campbell says that Council has been in the habit of issuing orders and borrowing money upon them which is also unauthorized and illegal and says it is time the citizens were taking notice of these conditions and making protest against further recklessness on the part of Council.

With the fact as stated we can readily see where Councilman Campbell's injunction is timely and are sure that Punxsutawney cannot be charged with having a councilman with "a regular Henry Clay head, minus the Henry."

GREAT LOAN DRIVE STARTS TOMORROW

Washington, April 5.—America will start subscribing for her Third Liberty Loan tomorrow. With the loan bill signed, the first bonds off the press and others coming by the thousands, the nation is ready to open the campaign on the first anniversary of the war with a whoop. That large pocketbooks and slim purses will be freely opened is the confident expectation of government heads.

President Wilson will formally open the loan campaign with a striking war speech in Baltimore tomorrow night while throughout the land thousands of volunteer workers will urge the American nation to do its financial duty.

Movie stars—Charlie Chaplin, Douglas Fairbanks, Mary Pickford, and Marie Dressler, will sell bonds here tomorrow, opening a tour that will take them far afield in the United States.

The bill authorizing the loan was signed by the President last night and the first \$50 bond was struck off and moved away in the Treasury.

Glenridge, N. J., today laid claim to the nation's record for the greatest percentage of bonds subscribed in the Second Liberty Loan campaign. Forty-three per cent. of the population of

LIEUT. PERICORD PLEASED LARGE AUDIENCE

Two of the largest audiences ever assembled in Clearfield on the same occasion were given a first-hand insight into the great world war last evening when Lieut. Pericord, of the fighting French army gave dramatic recital of his experiences as a soldier in the ranks in the many battles throughout France and Belgium during the past three years.

Lieut. Pericord, who was granted the cross of war and many special citations for bravery under fire, is touring America under the auspices of his own and the United States government for the purpose of, as he stated, "to bring a message of cheer from the soul of bleeding France to her sister republic about to celebrate its first anniversary as a participant in the great war for democracy now engulfing Europe. The Lieutenant's tour through Pennsylvania is in charge of the committee of Public Safety of the Keystone state and Senator Ernest L. Tustin of Philadelphia, chairman of the Publicity Bureau is accompanying the valorous and distinguished French warrior.

Their coming to Clearfield was well advertised and as a result when the time for the joint meetings to start arrived last evening every seat in the spacious auditoriums of the High school building and Trinity Methodist church was occupied, standing room was at a premium, while many disappointed late comers were turned away.

Those present, and there were many people from out of town, were amply repaid for coming and each and every auditor departed at the close of the exercises with a better understanding of what the war is, and means to every American citizen, with new and unbounded admiration in his heart for the heroic French army which saved the world civilization at the wonderful battle of the Marne and a full determination to buckle down and do just a little more than he had been doing to make success possible for the allied forces in the battle for the right and against the beast of German military autocracy.

The distinguished speakers arrived in Clearfield on the Pennsylvania train about 7 o'clock and eating a hasty dinner were on hand by 8 o'clock and preceded by the Clearfield Italian band marched to the High School.

A. H. Woodward, President of the

SCOUTS FIND WHISKY CACHE.

A party of boy scouts on a hike near Darford, Wash., discovered a cache of whisky and telephoned the police station for instructions. Capt. George Miles of Spokane directed the boys to remain there and he would send officers for the liquor.

The police greyhound went out with detectives and picked up the boys and proceeded to the cache, where they found more than 100 bottles of liquor in a box, which was taken to the station.

The town of 1,200 out of 2,000 people bought bonds.

WHITE STEMS TIDE

DuBois, April 5.—Shouting "you don't want to strike in this district, you would not be fighting the operators but the federal government," former President John P. White of the United Mine Workers of America today checked the threatening strike movement of 50,000 miners in central Pennsylvania. District No. 2 delegates in convention were about to pass resolutions providing for an ultimatum to be served on the operators when White went on the floor.

He told the miners they would go against the wishes of the United Mine Workers and arraign public opinion against themselves if they attempted drastic measures to force the operators to grant an increase at this time. The ultimatum proposal was held over for consideration.

MICKIE SAYS
SAY, FOLKS! WHEN YOU WRITE PIECES FOR THE PAPER, FOR THE LOVE OF MIKE, SIGN YOUR NAME TO 'EM. SO THE BOSS WON'T THROW 'EM ON THE FLOOR FOR ME TO PICK UP. HE SAYS AN UNSIGNED LETTER AINT ANY BETTER THAN AN UNSIGNED CHECK!

GERMANS CHANGE COURSE OF THE WESTERN DRIVE

The Germans in a frantic effort to take Amiens are pressing in from the northeast east and southeast following three railway lines converging in that direction. Field Marshal Haig reported today the fighting in that region is weakening. The enemy is concentrating her flank from the east, and that the enveloping movement of the two flanks on this sector is awaiting the outcome. Hindenburg has met with considerable more success in this route than the one to the southeast or in his attempt to advance from the northeast.

The statement said the British after beating off several assaults and inflicting heavy losses on the Germans have been forced to fall back to positions east of Villers-Bretonneux. This town is 8 miles east of Amiens on the Amiens-Rosieres railway and is between the Luce and the Somme. Haig said the British were holding the enemy in this new position. To the southeast the Germans have battered away along the route of the railway which runs from Montdidier through Moreuil and Amiens. This railway, along the Aisne. More than ten miles from Amiens the northeast route runs through Albert Corbie and Amiens along the Aisne valley. The Germans have been firmly holding in the west out-skirts of Albert. Activities north of the Aisne Haig reported are limited to "artillery fighting for the present."

WILL SING CANTATA AGAIN

So many requests have been made of the Presbyterian Choral Society to repeat the Easter cantata "Calvary" which created such favorable comment at the first rendition on Easter night at the Presbyterian church, that it has been decided to give it again on Sunday night.

Those who heard this wonderful cantata on Sunday night last were loud in their praises and it is with pleasure that we make this announcement in order that those who did not hear this wonderful work of Wessell may have the opportunity.

ONE BOY SCOUT'S "PRAYER"

Scott A. Page of Chicago, wrote this letter to the Chicago Herald:

To the Editor: The prayer I learned at kindergarten runs through my head every morning before I'm fairly awake. The first line goes all right, but what do you think of the others? They've bothered me a lot.

Now before we work today. We must not forget to pray. To God, who kept us through the night And brought us to the morning light.

Help us, Lord, to like the Kaiser. And make him see he's had his war. And to make him see he's had his war. To learn he's had his war.

Thank you for this prayer. I like it. (The prayer, too, which is the infant's first prayer, and which is the first prayer of the world.)

SUPREME COURT O. K.'S STATE OFFICERS

Appointment Of Charles E. Patton And Other Brumbaugh Adherents Declared Valid

WILL GET THEIR SALARIES NOW

Philadelphia, April 5.—The state supreme court today upheld the right of the governor to reappoint men to office whose nomination failed of confirmation by the senate. The opinion, handed down by Justice Frazer, sustained the right of the governor to reappoint Daniel F. Lafean as commissioner of banking. The decision also affected the nominations of J. Edward Log, superintendent of printing; Nathan R. Buller, commissioner of fisheries, and Charles E. Patton, secretary of agriculture.

A dissenting opinion was filed by Chief Justice Brown and was concurred in by Justice Potter and von Moschizker.

The suit to have the officials ousted from their offices was an echo of the factional Republican fight in the last session of the legislature when the senate refused to confirm the nominations of the men. As soon as the senate adjourned, the governor made recess appointments. Suit was brought to oust them on the ground that the senate having failed to confirm the appointments, the governor had exceeded his power in naming them later.

The effect of the decision is to continue in office and insure payment of salaries and necessary official expenses to the four men named and to James W. Leach, compensation commissioner, and B. F. Nead, member of the accounts examining board. It insures to the estate of the late Robert K. Young, public service commission, who died soon after taking the oath of office, his salary for the period he served and to William Young, Philadelphia, his compensation for service in the state industrial board.

One of the side lights is that it will insure to E. B. Dorsett, who was chief of markets, his salary. Dorsett's appointment was not recognized by Auditor General Snyder because Secretary of Agriculture Patton was involved in the case.

WHAT JEFFERSON SAID.

The habit of using ardent spirits by men in office has occasioned more injury to the public and more trouble to me than all other sources. And were I to commence my administration again, the first question I would ask respecting a candidate for office would be: "Does he use ardent spirits?"—Thomas Jefferson.

Alcohol, by diminishing the moral and material strength of the army, is a crime against national defense in the face of the enemy.—General Joffre.

WILL CELEBRATE ANNIVERSARY OF WAR BY MEETING

A patriotic meeting to commemorate the entrance of this great nation of ours into the war will be held on the Court House corner tomorrow evening beginning promptly at 7:30 o'clock.

It will be just one year tomorrow since the Congress of the United States declared at the solicitation of President Wilson, that a state of war existed between this country and Germany, and it has been deemed just and fitting that the event should be patriotically remembered.

Col. George D. Rusk will preside and A. H. Woodward, Esq., chairman of the Clearfield County Committee of Public Safety and ex-Judge John W. Reed have been secured as speakers and they will address the assemblage on the tragic issues now confronting this nation and all the forces of the world battling for the right and the triumph of democracy.

Advantage will also be taken of this occasion to fire the opening gun in inaugurating the Third Liberty Loan campaign for Clearfield county which opens April 6th and closes May 4th.

Let every American citizen with the interests of his country, his home and his life at heart, be present at this meeting. Mrs. John Hughes of Second street.

ILLINOIS MOB HANGS GERMAN SYMPATHIZER

Lynchings Of Prisoners Taken From Jail Here Today By A Mob Of 200 Men

VICTIM PROTESTED

Collinsville, Ill., April 5.—A mob of 200 men, armed with clubs and stones, today took a prisoner from the jail here and hanged to a tree west of the town. No arrests have been made although the lynchings were made in the presence of a large crowd of spectators. The victim, a German sympathizer, was taken from the jail here today by a mob of 200 men, armed with clubs and stones, and hanged to a tree west of the town. No arrests have been made although the lynchings were made in the presence of a large crowd of spectators. The victim, a German sympathizer, was taken from the jail here today by a mob of 200 men, armed with clubs and stones, and hanged to a tree west of the town. No arrests have been made although the lynchings were made in the presence of a large crowd of spectators. Chevrolet "FA" Royal Mail Roadster, meets the exacting taste in motor car design and mechanical efficiency and completeness of equipment. An exceptional car at \$935.

-valve-in-head motor

The Chevrolet valve-in-head motor is the direct-application-of-power type. Gasoline vapor is introduced directly into the cylinder head and is exploded flatly against the piston head, just like a hammer striking a nail squarely on the head.

Every bit of power from the explosion is utilized to turn the flywheel—there is absolutely no waste.

In all other types of motors the gasoline is introduced into a side-chamber, where it is exploded. The force travels "around the corner" to the piston head and a loss in power results.

And every Chevrolet is valve-in-head powered. The "Four Ninety" Roadster at \$620, Touring at \$635, Coupe and Sedan at \$1060. And also the "F-A" model Baby Grand Touring and Royal Mail Roadster at \$935. Every Chevrolet is completely equipped. Prices f. o. b. Flint, Mich.

Write or call for a copy of the booklet: "Squarely On the Head." It tells all about the valve-in-head motor and its use in motor cars, aeroplanes and submarines.

MINERS' LEADERS COUNSEL THEIR MEMBERS

(Continued From Page One)

However, President Brophy called upon Mr. White to outline the position of the fuel administration. Shouts of "no no" and cat-calls prevailed until President Brophy had pounded vigorously and exerted all of his powers to bring order. He disapproved the discourtesy shown Mr. White and asked the delegates to give him the attention due a gentleman and brother member of the organization. There was more turmoil and another effort to bring about order before Mr. White was finally able to make himself heard.

When he got the attention of the delegates he declared that in 25 years of his life that he has dedicated to the United Mine Workers of America bearing burdens up to that of the highest office that could be conferred upon him he was never before so treated.

Outlines Situation

He then gave a detailed explanation of the work of the fuel administration. He declared that the real question was far greater than that of settling the wages of the Central Pennsylvania coal district. He said that not only the reputation of the district but the peace of the whole country is at stake and dependent upon the action the convention takes.

Mr. White told of the organization of the fuel administration and its work. He disilluded the mind of one of the delegates who had asked why the fuel administration waited until after the international convention to grant the 60-cent increase to Central Pennsylvania operators by declaring that prices were being raised and lowered long before that time. He declared that while the operators or this district were getting a 60 cent increase those of Illinois were getting a 45 cent decrease and that on April 1 the Montana and Wyoming operators got a 70 cent decrease, while the miners wages remained unchanged. "If you increase," he declared, "then the miners of other fields must suffer a reduction to correspond with the prices that rule their districts."

Car Shortage Not Wages

He intimated that wages is not the general question. "When miners get \$5 a day and cannot pay their house-rent it is not because of the wages," he declared. He laid the blame for the alleged low wages upon the shortage of coal cars and told how in some districts miners are lucky to get six and eight days work a month because of the failure of the railroads to handle their obligations.

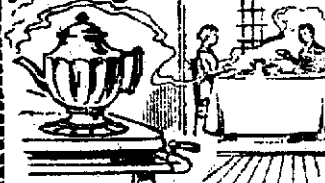

"The coal production of the United States is falling off at the rate of 1,000,000 tons a week," he declared. The cause is lack of cars and the induction of miners into the army.

"But," he said, after outlining the sacrifices and efforts of men in other walks, "this is war. And the laws and standards that we have been accustomed to, will no longer suffice. We must submit to changes in all particulars in regard to our normal lives. And before the sword will be taken out of the aggressor of Europe, we will have to make far greater sacrifices."

He concluded with an appeal to the men to use judgment and broadminded common-sense in considering their problem keeping in mind at all times the full ramifications of the situation as it actually depends upon their action.

Women are to be employed as rural mail carriers all over the country as a war emergency measure.

Buy coffee from your grocer only

one way to keep down costs

It is sound economy to buy goods of known quality from a reputable grocer. "Bargains" in any form are deceptive, particularly in these war-times.

It is a decided economy to buy Golden Sun Coffee. All dust and chaff have been removed—leaving nothing but fresh, fragrant coffee that makes more cups to the pound. Try it for its delicious flavor as well. Sold only by grocers.

SALVATION ARMY RETURNS THANKS FOR LOCAL HELP

With the successful completion of the Million Dollar Salvation Army War Service Fund Campaign, the general committee wishes to extend its heartiest thanks to the public for the splendid support given to the efforts put forth in the recent drive for funds to keep up the work of the Army with "our boys" in France and at the cantonments. Without the unselfish exertions of the patriotic citizens who gave so unsparingly of their time and substance, we feel that the sum needed to build and equip new "huts" and to finance the work in general would not have been secured.

Final reports from all over the nation show that more than the amount asked was raised. In nearly every case the community quota was secured, while in many instances the sum set apart for certain towns was doubled and tripled. This splendid record was only made possible by the unflagging zeal of the workers and the high appreciation of the American public for the importance of The Salvation Army War Work.

For the assurance of the thousands of givers whose interest in the work of The Salvation Army in the camps at home and abroad, we want to say at this time that every penny of the War Fund will bring comfort and cheer to some soldier boy. Whether invested in a "hut" where he may find rest and healthful moral and physical recreation after the nerve strains of the battle line; in a like edifice "over here" to guard him from evil influences while in training for the great ordeal; in supplying yarns for sweaters, wristlets, socks, etc., or in making bandage to bind his wounds, The Salvation Army War Fund will play its part in safe-guarding the physical and moral health and comfort of the Nation's Defenders.

To the following who made the continuance of this work possible we again extend our deepest thanks and appreciation of their efforts:

H. B. Powell.
Jas. Mitchell.
W. J. Usher.

The Time Grows Short—If You Want An Apex Suction Sweeper HURRY!

You have only one more day in which to take advantage of our very special inducement to get an Apex Suction Sweeper into your home. Such an offer as this will not come again on account of the unusual conditions

Here's What An APEX Will Do

CLEANS UNDER THINGS—AS WELL AS ALL AROUND THEM

REMARKABLY EFFICIENT IN HANDLING DIRT COLLECTED

The low, poking Apex nozzle gets under tables, radiators and heavy furniture—gets clear into corners—cleans stairways—cleans along mop boards and away into corners. The cleaner is so light and easy to handle it's a pleasure to operate it in cleaning all the most hard-to-reach places.

Another exclusive feature is that the inclined nozzle lets dust and dirt just roll up the sloping pan—the suction is not forced to "lift" it straight up. The powerful rush of air behind the dirt is always of the same density (strength) from the time it enters the nozzle until it reaches the bag.

Our Special Offer

Pay Cash

The regular price of the Apex Suction Sweeper is \$37.50. You can save nearly \$4 by paying cash as our special price is

\$33.75

Payment Plan

Five dollars puts an Apex in your home. Then easy payments of \$5 each for six months. Last payment \$2.50 for seventh month.

\$37.50

AUTOES COLLIDE AT CURWENSVILLE RIDERS INJURED

What might have been a fatal accident occurred yesterday afternoon at 3:30 at the foot of State street near the crossing below the B. & P. station when the car driven by Rev. Flegel of Lumber City with his family who were on their way to Mr. Flegel's new charge at Wallaceon were run into by the Irvin car coming from Irvin Hill. The children were badly bruised, arm hurt, tooth broken off while the 2 years old child was thrown to the Irvin car. They were taken to the home of Squire John A. Dale where medical attention was given. Fortunately no bones were broken. Rev. Flegel's car was badly demolished while the Irvin car will also need repairing. John Heitsenreth, of Lumber City, who happened to be in town and hearing of the accident drove Mr. Flegel and family to Goshen township where they had intended spending the night.

PROPOSALS

Sealed proposals will be received at 2 p. m. on Friday, April 12, 1918 by the Board of Trustees of The Cottage State hospital, Phillipsburg, Pa., for the construction of a Nurses Home, Plumbing, Heating and Electrical work. Plans and specifications may be obtained at the hospital Phillipsburg Pa. or at the office of George S. Idell, architect 34 So. 16th street, Philadelphia.

LIBERTY
LOANLIBERTY
LOAN

Third Liberty Loan Advertising

The Third Liberty Loan must go "over the top." It must do this in the smaller cities and towns as well as in the metropolitan cities. It must do this without the banks of the nation having to finance the greater part of the loan. The money must come from the general public.

The people of each community must feel the necessity far more than they felt it in either of the previous Liberty Loan campaigns, and the press can create the sentiment that will put this loan through.

Display advertising is essential to this result, and the public---the business and professional men, have co-operated with the press in providing the space for this necessary display advertising.

Governmental departments, including the Treasury department, realize that the newspapers in giving freely of their news and editorial space are doing their full share. The public has demonstrated its willingness to co-operate with the newspapers by purchasing the advertising space that is needed to promote the sale of Liberty Loan Bonds when the people are shown the need for such advertising.

This is the first of a series of advertisements which will be run in the newspapers of this city and it is to be hoped that every line will be read and that every page will carry home the important message that it has at this time.

Every line of this advertising, which will run for two weeks, has Governmental sanction and is the very acme of the advertising art. This introductory statement is made in order that no one will miss any of the good things in the advertisements.

Mr. and Mrs. Roy Williams of Clearfield motored through our city on Sunday.

The following people were at Clearfield on Wednesday when the new drafted soldier boys left for camp. Grover Johnson and Wm. Twoey two of our boys were in the call and entrained on above time mentioned. We saw at the train at Clearfield, Wm. Knepp, Alex Quick, Lloyd Davis, Ed. McQuillen, Ray Hall, Mr. and Mrs. James Twoey, Wm. Bodle, Frank Merritt, Hayes B. McQuillen, S. L. Roan, Guy Knepp and Dave Milligan. There were possibly a few we may have missed.

Mrs. Clinton Linsberry on Tuesday afternoon presented her husband with a bouncing girl baby.

Miss Lelia Washburn of Morrisdale was in our burg on Tuesday afternoon.

Mrs. F. P. Smith was shopping at Clearfield on Thursday afternoon.

20 YEARS YOUNGER ASSERTS WOMAN

Marie Schultz tells of Remarkable Recovery Through Using Master Medicine

"I feel twenty years younger, and sleep like a log when I go to bed," said Mrs. Marie Schultz of Grampian street, North Side, Pittsburgh, Pa. "since I began to take Tanlac." "I had suffered for a long time with rheumatism, gas in my stomach, shortness of breath and my bowels were always giving me trouble. "I often went for days at a time without sleeping because of my terrible nervous condition. "So I got a bottle. I had no idea I would get such quick relief. After I had taken about half a bottle, the rheumatic aches left my limbs. My stomach got so good that I could eat my meals and never feel bad afterward. My bowels got regular. When I would lie down at night, my head would hardly touch the pillow until I would be fast asleep. When I awakened in the morning, I felt rested and could hardly believe it was myself. "Since I have been taking Tanlac, I have not been troubled with gas pressing up against my heart, I eat what I please, I go out among the neighbors and visit them and my friends, and if I want to go to a theatre I go and have a nice time. I never am afraid of being sick any more." Tanlac is now sold here by Woodward and McPherson.

The Porto Ricans are the first Latin population in the world to adopt prohibition.

April Brings Many A Sunshiny Day When Winter Clothes Feel Out of Place And You Want The New Spring Styles To Wear

Surely there will not be a better time to buy than now—not until after the war. Prices are still rising.

In view of this we call your especial attention to our new showing of coats and suits direct from the great style centers. Good wool materials, good tailoring, handsome shades and colors are features which make these garments attractive war time purchases.

Wool poplin suits \$15.00 to \$35.00.
Serge suits \$15.00 to \$40.00.
Poiret twill \$30.00 to \$60.00.

TOP COATS

Serge and poplin coats \$7.50 to \$30.
Wool velours \$15.00 to \$35.00.
Silvertone velours \$35.00 to \$40.00.
Many of these new garments are made by the Wooltex manufacturers—it would be hard to find better made garments anywhere.

"OVER THE TOP" OR THE NEW SLEEVELESS JACKETS

Attractive and stylish for over light dresses.
Broadcloths \$18.00.
Jerseys \$5.50, \$6.50 up to \$10.00.

WOMEN'S SEPARATE SKIRTS

Good values in serge and poplin skirts for practical wear \$5 to \$12.50.

HANDSOME SILK SKIRTS

Modest that will look well with a plain tailored waist or with a very elaborate blouse.
Taffetas, all colors \$5.50 to \$20.00.
Satins \$7.50 to \$20.
Striped taffetas \$10.00 to \$19.00.

BEAUTIFUL SILKS FOR SPRING AND SUMMER DRESSES

A new shipment of striped and plaid taffetas—soft finished, beautiful shades and colors, for waists and dresses \$1.90, \$2.00, \$2.25 yd.
Georgette crepes and crepe de chins, light and dark shades.

NEW TUB SILKS

For men's shirts and ladies waists. Good heavy quality that will stand any amount of washing. 28 to 36 inches wide \$1.25 to \$1.75.

SILK GINGHAMS

Are popular and make very handsome dresses \$2.00 yd.

SPECIAL!!

Friday Morning, April 5.

A limited quantity of roses and many shrubbery plants on sale. The list includes following:

15 varieties of roses—strong, fine white \$1.50 a doz.	Hydrangias.
Snowballs.	Clematis.
Phlox, white, pink, purple, and red.	Peonies.
Barberry Thumbergia.	Lilacs, red and purple.

Come early as they will not last long.

INCOME TAX IN CITY NEAR \$800,000,000

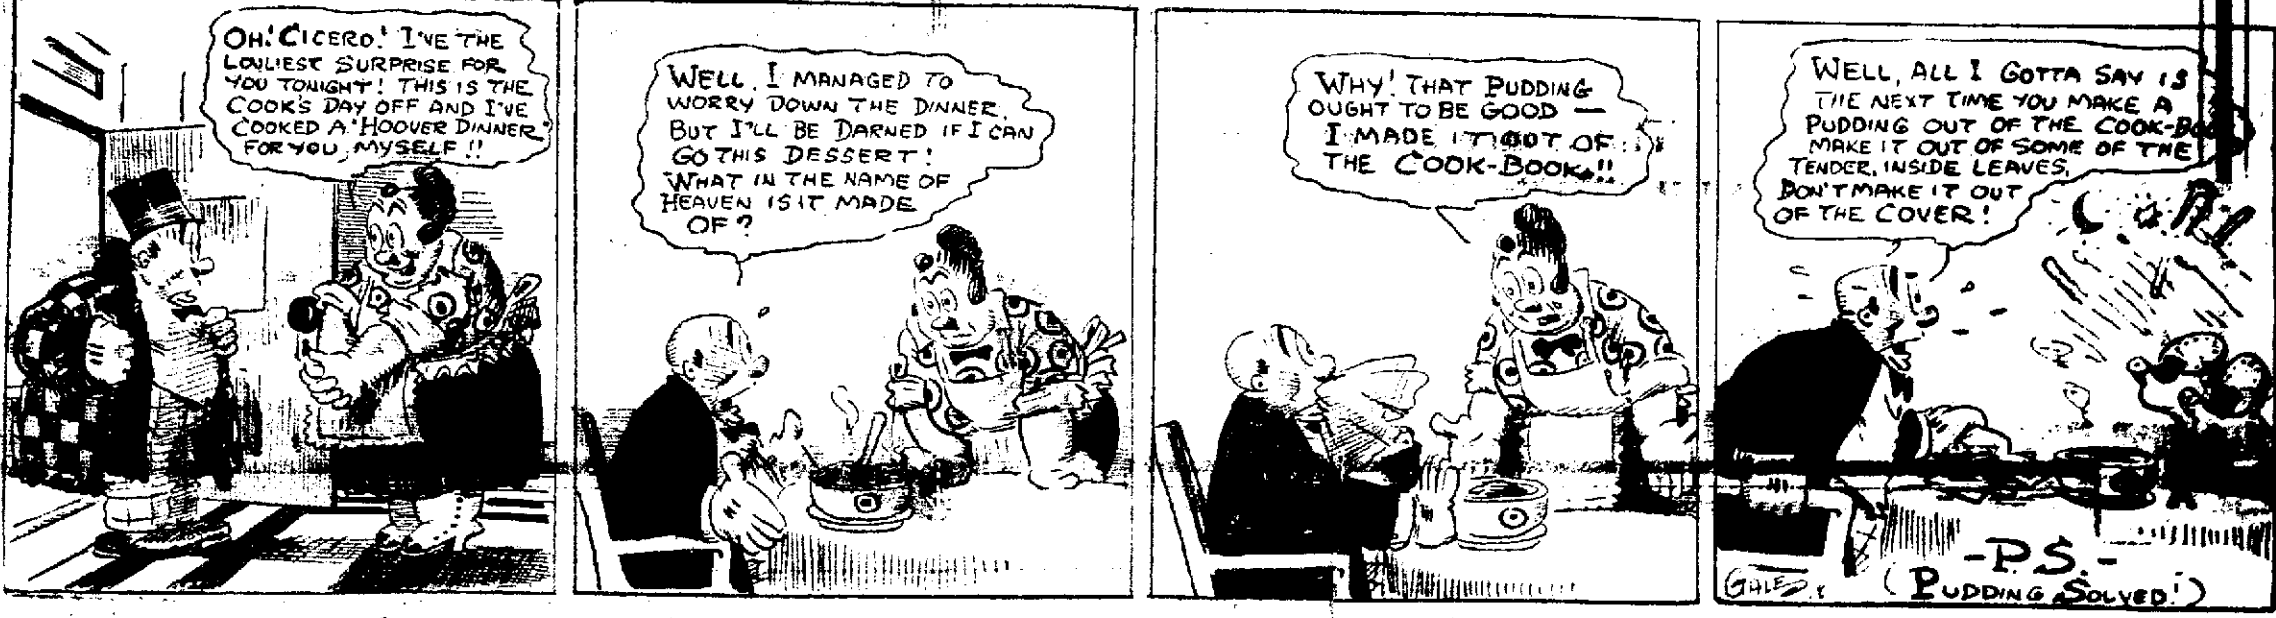

Although Collector Edwards would make no estimate of the amount of money New York City would pay in income and excess profits taxes, the belief in Wall Street was that it would be near \$800,000,000. All the Collector would say was that he had gone over twenty income tax blanks filed in the Second district for corporations and partnerships, the tax on which totalled \$25,000,000. There were more than 100,000,000 individual returns; more than 20,000 from corporations, of which 7,000 cover for excess profits; nearly 5,000 excess profits partnership returns, and 1,200 non-resident alien returns.

THE DEVIL'S RESIGNATION

The devil sat by a pile of fire On a pile of sulphur kegs. His head was bowed upon his breast His tail between his legs. A look of shame was on his face And tear drops in his eyes. He had sent sent his resignation To the throne up in the skies. "I'm down and out," the Devil said; He said it with a sob; "There are others who have outclassed me."

I want to quit my job. I'll be no longer in it. With the land along the Rhine. I'm a has-been and a what. And, therefore I resign. Krupp, the munition maker, With his booty shot and shell Knows more about demagogues Than all the imps in Hell. Give my best to Kaiser Wilhelm. The author of the war, He understands it better. A million times or more. I hate to leave the old home. The spot I love so well. But I feel that I'm not up to date In the ways of running hell." —Corp. A. H. McCracken Camp Librarian

MINERS' LEADERS PUNXSUTAWNEY COUNSEL THEIR MEMBERS

After Lack Of Respect Shown Ex-President White, Talking As Government Agent

DELEGATES ARE VERY RADICAL

The specially reconvened meeting of the delegates of the United Mine Workers of America for District No. 2 met in the Avenue theatre at DuBois yesterday for the purpose of hearing the report of their policy committee who, following the refusal of the operators of the district to meet and discuss with them their proposition for an increase of wages as demanded at the first convention, visited Washington and endeavored to impress Fuel Administrator Garfield with the justice of their fuel adjustment by the fuel administration.

The purpose of the meeting was stated by President Brophy immediately after calling the convention to order at 10 o'clock and the Policy Committee was called to the platform.

Secretary Edward Swartzentruber, representing the twenty-one members of the committee then presented their report.

He read the resolutions of the previous convention in which an increase of 20 cents a ton for mining coal, \$1 a day for all outside and inside day labor excepting boys under 18, and 55 cents a day increase for those boys was made. The reply of the operators "respectfully declining" to meet the miners to consider that demand or any other wage increase, citing the Washington agreement of November 6, 1917, as the cause was also read. And then followed other communications. One was from international President Frank J. Hayes in which he declared that in conference with the fuel administration he had been advised that the recent 60 cent increase allowed the operators was made because the original price was too low to permit proper operation. Another was from Fuel Administrator H. A. Garfield, in which he advised the district officials that the changes in prices did not form an increase in wages but were a reclassification of the field and added that no semblance of an attempt upon the part of either operators or miners of this field to profiteer is desired by the administration. Still another communication from President Hayes declared that he insist upon an increase in wages at this time would be a breach of the Washington agreement. He wrote that if the demands were granted upon the basis of the 60 cent increase allowed the operators it would mean the reduction of wages when the coal price goes down.

The report was concluded without offering any recommendations or outlining a policy. President Brophy then explained what work the policy committee had done since the convention adjourned telling of the conference with Dr. Garfield at Washington. He indicated that the committee was given to understand that the prices for coal for the duration of the war had been fixed by scientific deductions and that the \$3.05 prevailing in this district makes the margin of profit for the operators the same as the \$2.45 that prevails in some other fields. He also indicated that the fuel administration regards the existing prices of coal and wages as fixed permanently for the length of the agreement and that while representatives of that administration are attending the DuBois convention, they are here for the purpose of clarifying the situation and not to indicate a reopening of the question or argue the position of the administration.

Following the report there was a great deal of angry discussion in which several of the delegates declared "We have made the demands and we are going to stand by them." Finally a motion was offered by delegate George Bassett directing the Policy Committee to retire and prepare a report of concrete policy or recommendation for the convention to report.

At this point President Brophy asked that ex-President John P. White, now a member of the fuel administration be given the privilege of addressing the convention. Many delegates objected to the proposition and it was with difficulty President secured order for the speaker.

FINANCES IN BAD SHAPE

Attorney On New Council Declares Entire Outstanding Indebtedness Is Illegal

OWE FOR LIGHT AND WATER

The borough of Punxsutawney has an existing debt consisting of bonds to the amount of \$98,000; certificates of indebtedness, \$24,000; floating debt, \$26,400, and other items sufficient to total \$160,000, and H. Clay Campbell, an attorney who took office in January last, announces that after due and careful investigation he is satisfied the entire debt is illegal and void and can be repudiated by the citizens of Punxsutawney if they are so disposed.

The illegality of the \$95,000 worth of bonds is due to the Ordinance providing for their issue being faulty and not in accordance with the provisions of the Act of Assembly governing such matters and because it did not provide for the assessment of the required tax to redeem the bonds.

The other items mentioned are void because the debts were contracted by the issuing of certificates of indebtedness or borough orders when there was no money in the treasury and when the outstanding indebtedness of the borough was already beyond the two per cent. of the total assessed valuation of the taxable property allowed by the constitution and could only be legally contracted by vote of the people.

The light and water fund of the borough is already exhausted. The borough owes the electric light company \$641.75 at this time and before this year's taxes are available in August next will owe for light \$660.50 at the prevailing contract price. In addition to this the millage laid this year for water purposes will produce \$1875, less commissions and exonerations, while the water fund already owes \$5,017.50 engineer's fees following their recent investigation of the water situation, to say nothing of attorneys' fees, which are not known yet, while the water company is already threatening a law suit to enforce the payment of \$12,266.50, with interest since 1911, which they allege is justly due them, no payment for water having been made since 1911.

In conclusion Councilman Campbell says that Council has been in the habit of issuing orders and borrowing money upon them which is also unauthorized and illegal and says it is time the citizens were taking notice of these conditions and making protest against further recklessness on the part of Council.

With the fact as stated we can readily see where Councilman Campbell's injunction is timely and are sure that Punxsutawney cannot be charged with having a councilman with "a regular Henry Clay head, minus the Henry."

GREAT LOAN DRIVE STARTS TOMORROW

Washington, April 5.—America will start subscribing for her Third Liberty Loan tomorrow. With the loan bill signed, the first bonds off the press and others coming by the thousands, the nation is ready to open the campaign on the first anniversary of the war with a whoop. That large pocketbooks and slim purses will be freely opened is the confident expectation of government heads.

President Wilson will formally open the loan campaign with a striking speech in Baltimore tomorrow night while throughout the land thousands of volunteer workers will urge the American nation to do its financial duty.

Movie stars—Charlie Chaplin, Douglas Fairbanks, Mary Pickford, and Marie Dressler, will sell bonds here tomorrow, opening a tour that will take them far afield in the United States.

The bill authorizing the loan was signed by the President last night and the first \$50 bond was struck off and moved away in the Treasury.

Glenridge, N. J., today laid claim to the nation's record for the greatest percentage of bonds subscribed in the Second Liberty Loan campaign. Forty-three per cent. of the population of

LIEUT. PERICORD PLEASED LARGE AUDIENCE

Two of the largest audiences ever assembled in Clearfield on the same occasion were given a first-hand insight into the great world war last evening when Lieut. Pericord, of the fighting French army gave dramatic recital of his experiences as a soldier in the ranks in the many battles throughout France and Belgium during the past three years.

Lieut. Pericord, who was granted the cross of war and many special citations for bravery under fire, is touring America under the auspices of his own and the United States government for the purpose of, as he stated it "to bring a message of cheer from the soul of bleeding France to her sister republic about to celebrate its first anniversary as a participant in the great war for democracy now engulfing Europe. The Lieutenant's tour through Pennsylvania is in charge of the committee of Public Safety of the Keystone state and Senator Ernest L. Tustin of Philadelphia, chairman of the Publicity Bureau is accompanying the valorous and distinguished French warrior.

Their coming to Clearfield was well advertised and as a result when the time for the joint meetings to start arrived last evening every seat in the spacious auditoriums of the High school building and Trinity Methodist church was occupied, standing room was at a premium, while many disappointed late comers were turned away.

Those present, and there were many people from out of town, were amply repaid for coming and each and every auditor departed at the close of the exercises with a better understanding of what the war is, and means to every American citizen, with new and unbounded admiration in his heart for the heroic French army which saved the world civilization at the wonderful battle of the Marne and a full determination to buckle down and do just a little more than he had been doing to make success possible for the allied forces in the battle for the right and against the beast of German military autocracy.

The distinguished speakers arrived in Clearfield on the Pennsylvania train about 7 o'clock and eating a hasty dinner were on hand by 8 o'clock and preceded by the Clearfield Italian band marched to the High School.

A. H. Woodward, President of the

SCOUTS FIND WHISKY CACHE.

A party of boy scouts on a hike near Darford, Wash., discovered a cache of whisky and telephoned the police station for instructions. Capt. George Miles of Spokane directed the boys to remain there and he would send officers for the liquor.

The police greyhound went out with detectives and picked up the boys and proceeded to the cache, where they found more than 100 bottles of liquor in a box, which was taken to the station.

The town of 1,200 out of 2,000 people bought bonds.

WHITE STEMS TIDE

The Germans in a frantic effort to take Amiens are pressing in from the northeast east and southeast following three railway lines converging in that direction. Field Marshal Haig reported today the fighting in that region is weakening. The enemy is concentrating her flank from the east, and that the enveloping movement of the two flanks on this sector is awaiting the outcome. Hindenburg has met with considerable more success in this route than the one to the southeast or in his attempt to advance from the northeast.

The statement said the British after beating off several assaults and inflicting heavy losses on the Germans have been forced to fall back to positions east of Villers-Bretonneux. This town is 8 miles east of Amiens on the Amiens-Rosieres railway and is between the Luce and the Somme. Haig said the British were holding the enemy in this new position. To the southeast the Germans have battered away along the route of the railway which runs from Montdidier through Moreuil and Amiens. This railway, along the Aisne. More than ten miles from Amiens the northeast route runs through Albert Corbie and Amiens along the Aisne valley. The Germans have been firmly holding in the west out-skirts of Albert. Activities north of the Aisne Haig reported are limited to "artillery fighting for the present."

DuBois, April 5.—Shouting "you don't want to strike in this district, you would not be fighting the operators but the federal government," former President John P. White of the United Mine Workers of America today checked the threatening strike movement of 50,000 miners in central Pennsylvania. District No. 2 delegates in convention were about to pass resolutions providing for an ultimatum to be served on the operators when White went on the floor.

He told the miners they would go against the wishes of the United Mine Workers and arraign public opinion against themselves if they attempted drastic measures to force the operators to grant an increase at this time. The ultimatum proposal was held over for consideration.

WILL SING CANTATA AGAIN

So many requests have been made of the Presbyterian Choral Society to repeat the Easter cantata "Calvary" which created such favorable comment at the first rendition on Easter night at the Presbyterian church, that it has been decided to give it again on Sunday night.

Those who heard this wonderful cantata on Sunday night last were loud in their praises and it is with pleasure that we make this announcement in order that those who did not hear this wonderful work of Wessel's may have the opportunity.

ONE BOY SCOUT'S "PRAYER"

Scott A. Page of Chicago, wrote this letter to the Chicago Herald:

To the Editor: The prayer I learned at kindergarten runs through my head every morning before I'm fairly awake. The first line goes all right, but what do you think of the others? They've bothered me a lot.

Now before we work today. We must not forget to pray. To God, who kept us through the night And brought us to the morning light.

Help us, Lord, to like the Kaiser. And make him see he had his war. And to make him see he had his war. To learn he cannot stop the world up.

Thank you for this prayer. I like it. (The pastor, too, who had been informed, so help us, Lord, to like the Kaiser. And make him see he had his war. And to make him see he had his war. To learn he cannot stop the world up.)

GERMANS CHANGE COURSE OF THE WESTERN DRIVE

The Germans in a frantic effort to take Amiens are pressing in from the northeast east and southeast following three railway lines converging in that direction. Field Marshal Haig reported today the fighting in that region is weakening. The enemy is concentrating her flank from the east, and that the enveloping movement of the two flanks on this sector is awaiting the outcome. Hindenburg has met with considerable more success in this route than the one to the southeast or in his attempt to advance from the northeast.

The statement said the British after beating off several assaults and inflicting heavy losses on the Germans have been forced to fall back to positions east of Villers-Bretonneux. This town is 8 miles east of Amiens on the Amiens-Rosieres railway and is between the Luce and the Somme. Haig said the British were holding the enemy in this new position. To the southeast the Germans have battered away along the route of the railway which runs from Montdidier through Moreuil and Amiens. This railway, along the Aisne. More than ten miles from Amiens the northeast route runs through Albert Corbie and Amiens along the Aisne valley. The Germans have been firmly holding in the west out-skirts of Albert. Activities north of the Aisne Haig reported are limited to "artillery fighting for the present."

WILL CELEBRATE ANNIVERSARY OF WAR BY MEETING

A patriotic meeting to commemorate the entrance of this great nation of ours into the world war will be held on the Court House corner tomorrow evening beginning promptly at 7:30 o'clock.

It will be just one year tomorrow since the Congress of the United States declared at the solicitation of President Wilson, that a state of war existed between this country and Germany, and it has been deemed just and fitting that the event should be patriotically remembered.

Col. George D. Rusk will preside and A. H. Woodward, Esq., chairman of the Clearfield County Committee of Public Safety and ex-Judge John W. Reed have been secured as speakers and they will address the assemblage on the tragic issues now confronting this nation and all the forces of the world battling for the right and the triumph of democracy.

Advantage will also be taken of this occasion to fire the opening gun in inaugurating the Third Liberty Loan campaign for Clearfield county which opens April 6th and closes May 4th.

Let every American citizen with the interests of his country, his home and his life at stake, attend this meeting.

John Hughes of Second street, Clearfield, is the speaker.

The funeral of the late E. C. Youngman will be held from the Presbyterian church tomorrow afternoon at 2 o'clock, his pastor, Rev. Dr. E. C. Reeve, officiating.

Mr. Youngman's young men's Bible class will attend the funeral in a body. Interment will be made in the family plot in Hillcrest cemetery.

John Hughes of Second street, Clearfield, is the speaker.

SUPREME COURT O. K.'S STATE OFFICERS

Appointment Of Charles E. Patton And Other Brumbaugh Adherents Declared Valid

WILL GET THEIR SALARIES NOW

Philadelphia, April 5.—The state supreme court today upheld the right of the governor to reappoint men to office whose nomination failed of confirmation by the senate. The opinion, handed down by Justice Frazer, sustained the right of the governor to reappoint Daniel F. Lafean as commissioner of banking. The decision also affected the nominations of J. Edward Log, superintendent of printing; Nathan R. Buller, commissioner of fisheries, and Charles E. Patton, secretary of agriculture.

A dissenting opinion was filed by Chief Justice Brown and was concurred in by Justice Potter and von Moschizker.

The suit to have the officials ousted from their offices was an echo of the factional Republican fight in the last session of the legislature when the senate refused to confirm the nominations of the men. As soon as the senate adjourned, the governor made recess appointments. Suit was brought to oust them on the ground that the senate having failed to confirm the appointments, the governor had exceeded his power in naming them later.

The effect of the decision is to continue in office and insure payment of salaries and necessary official expenses to the four men named and to James W. Leach, compensation commissioner, and B. F. Nead, member of the accounts examining board. It insures to the estate of the late Robert K. Young, public service commission, who died soon after taking the oath of office, his salary for the period he served and to William Young, Philadelphia, his compensation for service in the state industrial board.

One of the side lights is that it will insure to E. B. Dorsett, who was chief of markets, his salary. Dorsett's appointment was not recognized by Auditor General Snyder because Secretary of Agriculture Patton was involved in the case.

WHAT JEFFERSON SAID.

The habit of using ardent spirits by men in office has occasioned more injury to the public and more trouble to me than all other sources. And were I to commence my administration again, the first question I would ask respecting a candidate for office would be: "Does he use ardent spirits?"—Thomas Jefferson.

Alcohol, by diminishing the moral and material strength of the army, is a crime against national defense in the face of the enemy.—General Joffre.

WILL CELEBRATE ANNIVERSARY OF WAR BY MEETING

A patriotic meeting to commemorate the entrance of this great nation of ours into the world war will be held on the Court House corner tomorrow evening beginning promptly at 7:30 o'clock.

It will be just one year tomorrow since the Congress of the United States declared at the solicitation of President Wilson, that a state of war existed between this country and Germany, and it has been deemed just and fitting that the event should be patriotically remembered.

ILLINOIS MOB HANGS GERMAN SYMPATHIZER

Lynchings Of Prisoners Taken From Jail Here Today By A Mob Of 50 Men And Hung To A Tree West Of The Town. No Arrests Made Although The Loyalists Were Said To Be Led By Prominent Citizens.

VICTIM PROTESTED

Collinsville, Ill., April 5.—Prager, aged 45, alleged pro-German sympathizer, was taken from his cell in the jail here today by a mob of 50 men and hung to a tree west of the town. No arrests were made although the lynchists were said to be led by prominent citizens. The victim immediately protested the lynchings.

Marysville and Collinsville have been hot beds of anti-Germanism for months. Marysville, a small town of 15 miles east of St. Louis. Early last night a mob came to Collinsville after evening a patriotic band at Marysville, where it was alleged to have made a mark. Members of the mob entered and took him home. He was compelled to march barefooted with an American flag, down the street.

Police rushed to the scene and found him in the City Hall. The mob demanded the prisoner and refused to march past the City Hall and dragged him from his place behind a pile of trees. Seigles' pleadings were disregarded. Still bare-footed Prager was through the old national guard with a noose around his neck. Police and coroner followed and later found his body dangling from a tree.

While the mob was at the jail waiting for him Prager wrote his parents in Dresden, Germany, this note: "I must on the fourth day of April. Please pray for me, my dear parents. This is my last letter and testament. A second note, also in German, protested his loyalty. Prager said he was loyal to this country. When Seigles declared today he had no evidence of disloyalty, Prager. The victim had taken his first papers and had applied for full citizenship.

Collinsville was quiet today with the mob back at work in high spirits following last night's activities. Prager recently quarrelled with the agent of the miners' union here, reported. Authorities believe that this may have been the cause of his lynching.

CARD OF THANKS

I take this means of returning my hearty thanks to those kind friends and neighbors who so valiantly assisted in the saving of my home and property from destruction by fire on Tuesday afternoon last. The aid rendered through the prompt and generous action of Dr. Hennig, in shutting down the Nickel Alloys plant, bringing his men to assist made possible the saving of my home, and the act and the prompt response of the Clearfield Fire Department in setting the fire out, and the work done by them when they were there will ever be gratefully remembered.

THOMAS HENNING

FUNERAL OF MR. YOUNGMAN

The funeral of the late E. C. Youngman will be held from the Presbyterian church tomorrow afternoon at 2 o'clock, his pastor, Rev. Dr. E. C. Reeve, officiating.

Mr. Youngman's young men's Bible class will attend the funeral in a body. Interment will be made in the family plot in Hillcrest cemetery.

John Hughes of Second street, Clearfield, is the speaker.

FRIDAY EVENING, APRIL 5, 1918.

LEUT. PERICORD PLEASED LARGE AUDIENCE

(Continued From Page One)

Clearfield County Committee of Public Safety, presided at the High school building and seats on the platform were given Rev. Joseph John, Rev. M. Ryan, Rev. Tracy of Curwensville, W. J. Usher, Louis Geynet and Edna Frank Snyder.

Following, at request, opening prayer by Rev. Father Ryan, the school chorus under the direction of Prof. Van Osten sang the "Star Spangled Banner" and the "Marseillaise." The intertwined flags of the two great republics occupied a place of honor on the wall in the rear of the speakers' stand.

Chairman Woodward introduced the distinguished French orator in a speech in which he recited how Lieutenant Pericord, then a student in a special course at Harvard college, on the declaration of war by Germany against the defense of his country and on the first steamer to leave New York following such declaration set sail for his beloved France and entered the army as a lowly volunteer.

When Lieutenant Pericord in his blue uniform and carrying the sword which he had so valiantly carried against the Hun, advanced to the front of the stage a whirlwind of applause greeted him as the audience rose to their feet. The lieutenant gratefully acknowledged the warmth of the greeting and at once launched into his story. He touched very lightly on his individual effort in the war but paid most glowing tribute to the valorous heroic French army. He said he could assure America that France would hold out to the end, that the French soldier had resolved to die before surrendering or acknowledging defeat.

Lieutenant Pericord is a finished orator and his tribute to the women of France was an oratorical gem. He said "the power of a nation lies not in the strength of its armies but in the hearts of its women," and qualified by giving the credit for the glory won by the French soldier to the women of that war-torn land. He also related the American mother who was so patriotic as to refuse to give her son to give to her country.

He made a strong appeal for the support of Liberty and urged heartiest cooperation with all war measures. Lieutenant Pericord celebrated mass at St. Francis church this morning before leaving with the party for Mahaffey where he and Senator Tustin addressed an audience which crowded the High school building to its capacity.

speech at the tomb of Lafayette on July 4th last as the greatest speech of the war. General Pershing's speech on the occasion of this pilgrimage comprised the following terse sentence as he leaned over the tomb of the great French patriot and friend of American freedom: "Gen. Lafayette: We are here."

In speaking of the long delay before this nation entered the war Lieutenant Pericord gave the interpretation the world forces engaged in the great strife placed upon utterance of our statesmen and the action or inaction of our country from time to time. He likened the two great republics to twin sisters and prophesied a friendship between the nations that would be everlasting.

He told of the great work already accomplished by America since entering the war but said our trials and sacrifices were just beginning and we must put every ounce of our strength into the fight before the mercenary would be overcome.

Lieut. Pericord was followed by Senator Tustin who was also an optimist of the thirty-third degree and handed out much information of a pleasing character regarding the war and our part in it.

He started out by handing a bouquet to the local school garden plan and solicited hearty cooperation for Prof. Ross in this work. Senator Tustin told of the work of the committee of public safety in routing out pro-Germans and urged everybody to be loyal alert at all times, obey the orders of fuel and food, and to be ready to defend our shores and our foodstuffs.

He told how Yankee ingenuity had solved the U-boat problem and assured his auditors that the United States navy would take good care to land our soldiers boys and food supplies safely on the other side. He told how the convoys were made up in the form of a diamond or square with a dreadnaught in the centre surrounded by the convoyed fleet, while at each corner majestically steamed a battleship with a dozen fast torpedo boat destroyers continuously patrolling around the outside of the entire fleet. Then when the fleet arrived within 24 hours of France a half dozen French destroyers joined them and assisted in guarding the transports safely into harbor. He said that once the food ship had been torpedoed the adoption of this plan had got the job which did the heavy work.

He made a strong appeal for the support of Liberty and urged heartiest cooperation with all war measures. Lieutenant Pericord celebrated mass at St. Francis church this morning before leaving with the party for Mahaffey where he and Senator Tustin addressed an audience which crowded the High school building to its capacity.

AN ORDINANCE

Regulating traffic upon the streets and highways of the Borough of Clearfield, Pennsylvania, and prescribing penalties for the violation thereof.

Be it ordained by the Council of the Borough of Clearfield in Council regularly assembled, and it is hereby ordained and enacted by authority of the same:

ARTICLE 1.

Section 1. No person shall place or cause to be placed any obstruction, above, upon or under any public highway, except upon the consent and subject to such conditions as this borough may impose, and then at the risk and responsibility of such person.

ARTICLE 2.

Right of Way.

Section 1. When in the performance of duty the following vehicles shall have the right of way: United States Mail, Police, Fire Department, Emergency Repair of Public Service Corporations, Ambulances and the Military.

Section 2. When two or more vehicles shall arrive at a street intersection at the same time, the vehicle to the right hand of any driver shall have the right of way.

Section 3. A vehicle shall not so occupy any street or alley as to obstruct traffic.

Section 4. A vehicle meeting another shall pass to the right.

Section 5. A vehicle overtaking another shall pass to the left and no pull over to the right until entirely clear of it.

Section 6. A vehicle turning into a street to the right shall turn the corner as near the right hand curb as practicable.

Section 7. A vehicle turning into a street to the left shall pass around the point of intersection of the two streets, but if so directed by the traffic officer it shall pass in front instead of around the point of intersection.

Section 8. A vehicle crossing from one side of the street to the other shall do so by turning around in the direction the traffic is going.

Section 9. A vehicle shall keep as near as practicable to the right hand curb so as to leave the center of the street clear for overtaking traffic; the slower the speed the nearer the curb.

Section 10. A vehicle shall not pass around a circle shall keep to the right from entrance to exit.

Section 11. A vehicle shall not back to make a turn if it obstructs traffic but shall go around the block or to a street wide and clear enough for the purpose.

Section 12. A vehicle shall not follow another too closely for safety.

Section 13. A vehicle, on the approach of fire apparatus moving in the same or in the opposite direction, shall stop so as not to interfere with the passage of said apparatus, and shall not pass said apparatus when it is in motion.

Section 14. A vehicle shall not follow any piece of fire apparatus to the scene of a fire until all fire apparatus shall have sufficient time to reach the fire, and persons must not congregate or travel on the highways near the scene of a fire so as to interfere with the work of the firemen.

ARTICLE 3.

Stopping, Standing, Waiting and Parking.

Section 1. A vehicle shall not stop with its left side to the curb.

Section 2. A vehicle waiting in front of an entrance to a building shall promptly give way to a vehicle passing to take up or set down passengers.

Section 3. A vehicle shall not stand within any portion of a street or alley for a longer period of time than that designated by signs erected upon said street or alley by this borough, nor shall a vehicle stand within twenty feet of a fire hydrant.

Section 4. A vehicle shall not stand on any street or alley so as to prevent the free passage of other vehicles in both directions at the same time.

Section 5. A vehicle shall not stand at any angle backed up or head on to a curb, except while actually loading or unloading, and if horse drawn and with four wheels the horses shall stand parallel with the curb, facing in the direction of traffic.

Section 6. A vehicle shall not stop in any street except near the curb and then so as not to obstruct a crossing or cross-walk except to allow another vehicle or pedestrian to cross its path.

Section 7. Vehicles shall not be parked on any alley, nor on Third Street, nor on Market Street from First Street to Third Street, nor on Second Street from Locust Street to Cherry Street. Vehicles may be parked on the West side of all other streets running North and South, and on the South side of all other streets running East and West.

ARTICLE 4.

Signals.

Section 1. A vehicle driver when slowing or stopping shall give signal by hand or whip, or in some unmistakable manner.

Section 2. In turning while in motion, or in starting to turn from a standstill, a signal shall be given by raising the whip or hand and indicating with it the direction in which the turn is to be made.

Section 3. A vehicle before backing shall give ample warning.

Section 4. Police whistle signals shall indicate:

One blast—North and South traffic stops and East and West proceeds.

Two blasts—East and West traffic stops and North and South proceeds.

Three or more blasts—The approach of fire apparatus or other danger.

Section 5. The driver of a vehicle carrying bright lights shall dim when approaching another vehicle.

Section 6. Sound signals are prohibited except for necessary warning.

ARTICLE 5.

Speed.

Section 1. The speed of vehicles shall not exceed the rate of speed established by law, and all vehicles shall proceed with great caution, especially in making turns, in crossing streets, alleys, cross-walks and sidewalks and in passing other vehicles.

ARTICLE 6.

Restrictions in Regard to Vehicles, Roller Skates and Small Wagons and Sleds.

Section 1. A vehicle's use is prohibited when so constructed, enclosed, equipped or loaded as to be dangerous, retard traffic, or prevent the driver from having a view sufficient for safety.

Section 2. A vehicle's use is prohibited when so loaded with iron or other material as to create loud noises while in transit.

Section 3. A vehicle when loaded with any material extending beyond its rear shall be provided with a red flag by day and a red light at night on the extreme rear end of such load.

Section 4. A vehicle shall not tow more than one other vehicle and the connection shall be not longer than sixteen feet.

Section 5. A motor vehicle left standing, without operator in charge, shall be efficiently locked and its emergency brake set.

Section 6. No person under sixteen years of age, whether the owner of a motor vehicle or not, shall operate any motor vehicle upon any of the public highways of this borough.

Section 7. No one shall ride upon the rear of a vehicle without the driver's consent nor with any part of his body protruding.

Section 8. Coasting and roller skating are prohibited on sidewalks and on all streets except such as may be designated by council.

Section 9. The use of motor muffler cut-outs and the emission of dense smoke from motors are prohibited.

ARTICLE 7.

Control, Treatment and Condition of Horses.

Section 1. A horse shall not be left unattended in a street, alley or unenclosed space without being securely fastened, unless harnessed to a vehicle with wheels so secured as to prevent its being dragged faster than a walk.

Section 2. A driver shall hold the reins in his hands continuously while riding, driving, or leading a horse.

Section 3. No one shall overload, overdrive, overfeed, ill-treat or unnecessarily whip any horse.

Section 4. No one shall crack or so use a whip as to excite any horse other than that which he is using, or so as to annoy, interfere with or endanger any person.

Section 5. No one shall use a horse unless it is fit for its work, free from lameness or sores likely to cause pain, and from any vice or disease likely to cause accident, injury or infection.

ARTICLE 8.

Pedestrians, Drivers and Parents.

Section 1. In crossing streets at places other than the regular crossings, pedestrians must exercise a high degree of care.

Section 2. All persons are prohibited from congregating, or standing on the sidewalks, or crossings so as to interfere with free traffic at any time.

Section 3. Pedestrians and drivers shall at all times observe and obey the directions and orders given them by the policemen of this borough with reference to the use of the highways.

Section 4. Parents must not permit their children to coast, skate or play on the sidewalks and driveways of the borough.

ARTICLE 9.

Fines and Penalties.

Section 1. Any person violating any of the provisions of this ordinance, upon conviction before the Burgess or any Justice of the Peace,

Miller's Antiseptic Oil known as

Snake Oil

Will Limber you up—A New Creation Pain Killer and Antiseptic Combined.

Mothers!

You Can Buy These Rompers Cheaper Than You Can Make Them

These wash suits solve the suit problem for mothers with little boys from 2 to 6 years old and the beauty of them is that they will stand tabbing many times. Another thing—you couldn't buy the material, make them up and do it as cheaply as you can buy these.

Little 1-piece Romper Suits

Some of blue romper cloth trimmed with white collar, cuffs and belt. Another of a tan material with five black stripes. Others of blue material with the black stripe. Sizes run 2 to 6 years.

85c to 1.75

Little 2-piece Suits

Blue and tan in stripes. Trimmed with white. Sailor collar and knot tie. Sizes 2 to 6 years.

60c

Boys Overall Play Suits

Just a few of these left. We are selling them at the old price. Any mother who ever clothed her boy in one knows how much washing is saved. These are selling for

Chevrolet "FA" Royal Mail Roadster, meets the exacting taste in motor car design, mechanical efficiency and completeness of equipment. An exceptional car at \$935.

-valve-in-head motor

The Chevrolet valve-in-head motor is the direct-application-of-power type. Gasoline vapor is introduced directly into the cylinder head and is exploded flatly against the piston head, just like a hammer striking a nail squarely on the head.

Every bit of power from the explosion is utilized to turn the flywheel—there is absolutely no waste.

In all other types of motors the gasoline is introduced into a side-chamber, where it is exploded. The force travels "around the corner" to the piston head and a loss in power results.

And every Chevrolet is valve-in-head powered. The "Four Ninety" Roadster at \$620, Touring at \$635, Coupe and Sedan at \$1060. And also the "F-A" model Baby Grand Touring and Royal Mail Roadster at \$935. Every Chevrolet is completely equipped. Prices f. o. b. Flint, Mich.

Write or call for a copy of the booklet: "Squarely On the Head." It tells all about the valve-in-head motor and its use in motor cars, aeroplanes and submarines.

MINERS' LEADERS COUNSEL THEIR MEMBERS

(Continued From Page One)

However, President Brophy called upon Mr. White to outline the position of the fuel administration. Shouts of "no no" and cat-calls prevailed until President Brophy had pounded vigorously and exerted all of his powers to bring order. He disapproved the discourtesy shown Mr. White and asked the delegates to give him the attention due a gentleman and brother member of the organization. There was more turmoil and another effort to bring about order before Mr. White was finally able to make himself heard.

When he got the attention of the delegates he declared that in 25 years of his life that he has dedicated to the United Mine Workers of America bearing burdens up to that of the highest office that could be conferred upon him he was never before so treated.

Outlines Situation

He then gave a detailed explanation of the work of the fuel administration. He declared that the real question was far greater than that of settling the wages of the Central Pennsylvania coal district. He said that not only the reputation of the district but the peace of the whole country is at stake and dependent upon the action the convention takes.

Mr. White told of the organization of the fuel administration and its work. He disilluded the mind of one of the delegates who had asked why the fuel administration waited until after the international convention to grant the 60-cent increase to Central Pennsylvania operators by declaring that prices were being raised and lowered long before that time. He declared that while the operators of this district were getting a 60 cent increase those of Illinois were getting a 45 cent decrease and that on April 1 the Montana and Wyoming operators got a 70 cent decrease, while the miners wages remained unchanged. "If you miners get a share of that 60 cent increase," he declared, "then the miners of other fields must suffer a reduction to correspond with the prices that rule their districts."

Car Shortage Not Wages

He intimated that wages is not the general question. "When miners get \$5 a day and cannot pay their house rent it is not because of the wages," he declared. He laid the blame for the alleged low wages upon the shortage of coal cars and told how in some districts miners are lucky to get six and eight days work a month because of the failure of the railroads to handle their obligations.

"The coal production of the United States is falling off at the rate of 1,000,000 tons a week," he declared. The cause is lack of cars and the induction of miners into the army.

"But," he said, after outlining the sacrifices and efforts of men in other walks, "this is war. And the laws and standards that we have been accustomed to, will no longer suffice. We must submit to changes in all particulars in regard to our normal lives. And before the sword will be taken out of the aggressor of Europe, we will have to make far greater sacrifices."

He concluded with an appeal to the men to use judgment and broadminded common-sense in considering their problem keeping in mind at all times the full ramifications of the situation as it actually depends upon their action.

Women are to be employed as rural mail carriers all over the country as a war emergency measure.

Buy coffee from your grocer only

one way to keep down costs

It is sound economy to buy goods of known quality from a reputable grocer. "Bargains" in any form are deceptive, particularly in these war-times.

It is a decided economy to buy Golden Sun Coffee. All dust and chaff have been removed—leaving nothing but fresh, fragrant coffee that makes more cups to the pound. Try it for its delicious flavor as well. Sold only by grocers.

THE WOOLSON SPICE CO.

Toledo, Ohio

SALVATION ARMY RETURNS THANKS FOR LOCAL HELP

With the successful completion of the Million Dollar Salvation Army War Service Fund Campaign, the general committee wishes to extend its heartiest thanks to the public for the splendid support given to the efforts put forth in the recent drive for funds to keep up the work of the Army with "our boys" in France and at the cantonments. Without the unselfish exertions of the patriotic citizens who gave so unsparingly of their time and substance, we feel that the sum needed to build and equip new "huts" and to finance the work in general would not have been secured.

Final reports from all over the nation show that more than the amount asked was raised. In nearly every case the community quota was secured, while in many instances the sum set apart for certain towns was doubled and tripled. This splendid record was only made possible by the unflagging zeal of the workers and the high appreciation of the American public for the importance of The Salvation Army War Work.

For the assurance of the thousands of givers whose interest in the work of The Salvation Army in the camps at home and abroad, we want to say at this time that every penny of the War Fund will bring comfort and cheer to some soldier boy. Whether invested in a "hut" where he may find rest and healthful moral and physical recreation after the nerve strains of the battle line; in a like edifice "over here" to guard him from evil influences while in training for the great ordeal; in supplying yarns for sweaters, wristlets, socks, etc., or in making bandage to bind his wounds, The Salvation Army War Fund will play its part in safe-guarding the physical and moral health and comfort of the Nation's Defenders.

To the following who made the continuance of this work possible we again extend our deepest thanks and appreciation of their efforts:

H. B. Powell.
Jas. Mitchell.
W. J. Usher.

The Time Grows Short—If You Want An Apex Suction Sweeper HURRY!

You have only one more day in which to take advantage of our very special inducement to get an Apex Suction Sweeper into your home. Such an offer as this will not come again on account of the unusual conditions

Here's What An APEX Will Do

CLEANS UNDER THINGS—AS WELL AS ALL AROUND THEM

REMARKABLY EFFICIENT IN HANDLING DIRT COLLECTED

The low, poking Apex nozzle gets under tables, radiators and heavy furniture—gets clear into corners—cleans stairways—cleans along mop boards and away into corners. The cleaner is so light and easy to handle it's a pleasure to operate it in cleaning all the most hard-to-reach places.

Another exclusive feature is that the inclined nozzle lets dust and dirt just roll up the sloping pan—the suction is not forced to "lift" it straight up. The powerful rush of air behind the dirt is always of the same density (strength) from the time it enters the nozzle until it reaches the bag.

Our Special Offer

Pay Cash

The regular price of the Apex Suction Sweeper is \$37.50. You can save nearly \$4 by paying cash as our special price is

\$33.75

Payment Plan

Five dollars puts an Apex in your home. Then easy payments of \$5 each for six months. Last payment \$2.50 for seventh month.

\$37.50

AUTOES COLLIDE AT CURWENSVILLE RIDERS INJURED

What might have been a fatal accident occurred yesterday afternoon at 3:30 at the foot of State street near the crossing below the B. & P. station when the car driven by Rev. Flegel of Lumber City with his family who were on their way to Mr. Flegel's new charge at Wallaceon were run into by the Irvin car coming from Irvin Hill. The children were badly bruised, arm hurt, tooth broken off while the 2 years old child was thrown to the Irvin car. They were taken to the home of Squire John A. Dale where medical attention was given. Fortunately no bones were broken. Rev. Flegel's car was badly demolished while the Irvin car will also need repairing. John Heitsenreth, of Lumber City, who happened to be in town and hearing of the accident drove Mr. Flegel and family to Goshen township where they had intended spending the night.

PROPOSALS

Sealed proposals will be received at 2 p. m. on Friday, April 12, 1918 by the Board of Trustees of The Cottage State hospital, Phillipsburg, Pa., for the construction of a Nurses Home, Plumbing, Heating and Electrical work. Plans and specifications may be obtained at the hospital Phillipsburg Pa. or at the office of George S. Idell, architect 34 So. 16th street, Philadelphia.

LIBERTY
LOANLIBERTY
LOAN

Third Liberty Loan Advertising

The Third Liberty Loan must go "over the top." It must do this in the smaller cities and towns as well as in the metropolitan cities. It must do this without the banks of the nation having to finance the greater part of the loan. The money must come from the general public.

The people of each community must feel the necessity far more than they felt it in either of the previous Liberty Loan campaigns, and the press can create the sentiment that will put this loan through.

Display advertising is essential to this result, and the public---the business and professional men, have co-operated with the press in providing the space for this necessary display advertising.

Governmental departments, including the Treasury department, realize that the newspapers in giving freely of their news and editorial space are doing their full share. The public has demonstrated its willingness to co-operate with the newspapers by purchasing the advertising space that is needed to promote the sale of Liberty Loan Bonds when the people are shown the need for such advertising.

This is the first of a series of advertisements which will be run in the newspapers of this city and it is to be hoped that every line will be read and that every page will carry home the important message that it has at this time.

Every line of this advertising, which will run for two weeks, has Governmental sanction and is the very acme of the advertising art. This introductory statement is made in order that no one will miss any of the good things in the advertisements.

Ref. Hartman and family are expecting to move to the pastor's new charge at Ramer in a few days. Rev. Flegal from Lumber City will be our new minister.

Mr. and Mrs. Roy Williams of Clearfield motored through our city on Sunday.

The following people were at Clearfield on Wednesday when the new drafted soldier boys left for camp. Grover Johnson and Wm. Twoey two of our boys were in the call and entrained on above time mentioned. We saw at the train at Clearfield, Wm. Knepp, Alex Quick, Lloyd Davis, Ed. McQuillen, Ray Hall, Mr. and Mrs. James Twoey, Wm. Bodle, Frank Merritt, Hayes B. McQuillen, S. L. Roan, Guy Knepp and Dave Milligan. There were possibly a few we may have missed.

Mrs. Clinton Lansberry on Tuesday afternoon presented her husband with a bouncing girl baby.

Miss Lelia Washburn of Morrisdale was in our burg on Tuesday afternoon.

Mrs. F. P. Smith was shopping at Clearfield on Thursday afternoon.

20 YEARS YOUNGER ASSERTS WOMAN

Marie Schultz tells of Remarkable Recovery Through Using Master Medicine

"I feel twenty years younger, and sleep like a log when I go to bed," said Mrs. Marie Schultz of Grampian street, North Side, Pittsburgh, Pa. "since I began to take Tanlac."

"I had suffered for a long time with rheumatism, gas in my stomach, shortness of breath and my bowels were always giving me trouble."

"I often went for days at a time without sleeping because of my terrible nervous condition."

"So I got a bottle. I had no idea I would get such quick relief. After I had taken about half a bottle, the rheumatic aches left my limbs. My stomach got so good that I could eat my meals and never feel bad afterward. My bowels got regular. When I would lie down at night, my head would hardly touch the pillow until I would be fast asleep. When I awakened in the morning, I felt rested and could hardly believe it was myself."

"Since I have been taking Tanlac, I have not been troubled with gas pressing up against my heart, I eat what I please, I go out among the neighbors and visit them and my friends, and if I want to go to a theatre I go and have a nice time. I never am afraid of being sick any more."

Tanlac is now sold here by Woodward and McPherson.

The Porto Ricans are the first Latin population in the world to adopt prohibition.

April Brings Many A Sunshiny Day When Winter Clothes Feel Out of Place And You Want The New Spring Styles To Wear

Surely there will not be a better time to buy than now—not until after the war. Prices are still rising.

In view of this we call your especial attention to our new showing of coats and suits direct from the great style centers. Good wool materials, good tailoring, handsome shades and colors are features which make these garments attractive war time purchases.

Wool poplin suits \$15.00 to \$35.00.
Serge suits \$15.00 to \$40.00.
Poiret twill \$30.00 to \$60.00.

TOP COATS

Serge and poplin coats \$7.50 to \$30.
Wool velours \$15.00 to \$35.00.
Silverstone velours \$35.00 to \$40.00.
Many of these new garments are made by the Wooltex manufacturers—it would be hard to find better made garments anywhere.

"OVER THE TOP" OR THE NEW SLEEVELESS JACKETS

Attractive and stylish for over light dresses.
Broadcloths \$18.00.
Jerseys \$5.50, \$6.50 up to \$10.00.

WOMEN'S SEPARATE SKIRTS

Good values in serge and poplin skirts for practical wear \$5 to \$12.50.

HANDSOME SILK SKIRTS

Modest that will look well with a plain tailored waist or with a very elaborate blouse.

Taffetas, all colors \$5.50 to \$20.00.
Satin \$7.50 to \$20.
Striped taffetas \$10.00 to \$19.00.

BEAUTIFUL SILKS FOR SPRING AND SUMMER DRESSES

A new shipment of striped and plaid taffetas—soft finished, beautiful shades and colors, for waists and dresses \$1.90, \$2.00, \$2.25 yd.

Georgette crepes and crepe de chine, light and dark shades.

NEW TUB SILKS

For men's shirts and ladies waists. Good heavy quality that will stand any amount of washing. 28 to 36 inches wide \$1.25 to \$1.75.

SILK GINGHAMS

Are popular and make very handsome dresses \$2.00 yd.

INCOME TAX IN CITY

NEAR \$800,000,000

Although Collector Edwards would make no estimate of the amount of money New York City would pay in income and excess profits taxes, the belief in Wall Street was that it would be near \$800,000,000. All the Collector would say was that he had gone over twenty income tax blanks filed in the Second district for corporations and partnerships, the tax on which totalled \$25,000,000.

There were more than 100,000,000 individual returns; more than 20,000

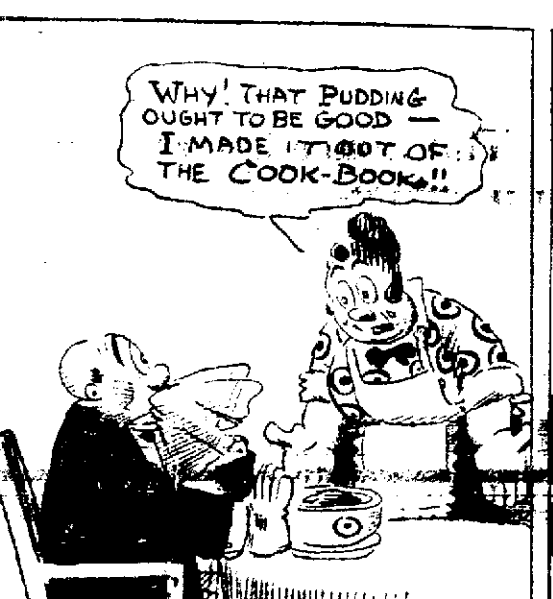

from corporations, of which 7,000 cover for excess profits; nearly 5,000 excess profits partnership returns, and 1,200 non-resident alien returns.

THE DEVIL'S RESIGNATION

The devil sat by a pile of fire
On a pile of sulphur kegs.
His head was bowed upon his breast
His tail between his legs
A look of shame was on his face
And tear drops in his eyes.
He had sent sent his resignation
To the throne up in the skies.
"I'm down and out," the Devil said;
He said it with a sob;
"There are others who have outclassed me."

I want to quit my job
I'll be no longer in it
With the land along the Rhine.
I'm a has-been and a past
And, therefore I resign.
Krupp, the munition maker,
With his booty shot and shell
Knows more about destruction
Than all the imp in Hell.
Give my best to Kaiser Wilhelm.
The author of the war,
He understands it better
A million times or more.
I hate to leave the old home
The spot I love so well
But I feel that I'm not up to date
In the ways of running hell."
—Corp. Alphonse McCracken
Camp Sheridan

Mr. Wad Knew It Was A War Pudding, It Tasted Just Like What Sherman Said War Was!

FIFTEEN CENT SOCIAL
Fifteen cent social will be held in the basement of the West Side M. E. church Friday evening, April 5th. Ice cream an deale extra. Everybody invited. A3-St-eh
